Drunken Soldiers Attack American Citizens

Sailors Are Landed and Arrested by Police and Civil Officers and Held on Charge.

HAS NO STABLE GOVERNMENT.

Puerto Cortez, April 29, (via Mobile, Ala., May 4.)—Saturday, April 27, a negro formerly from Boyce Station, La., named General Davis, a fruit inspector for Thacker Brothers' steamship line, was standing quietly near the railroad station at La Guna talking with three or four of his companions, also Americans.

A drunken Nicaraguan soldier armed with a machet approached the party and demanded to know what they were talking about. Davis answered that it was none of his business, whereupon the Nicaraguan drew the machet and raised it over Davis, who finally took the weapon, threw it away and went to a house nearby. Nicaraguan soldiers dragged Davis out and beat him until Davis was unconscious.

The soldiers and the police carried Davis to the curtil, but believing that Davis was dying, they carried him back to the spot where the attack was made.

Fullan Lands Blue Jackets. Within ten minutes blue jackets of the Marletta under Ensign Korsch were on the spot. Commander Fullan's orders were sharp and decisive.

"Arrest chief of police and policemen engaged in the assault, put them in irons and send them aboard ship. Arrest Nicaraguan officers and men engaged in the assault and hold them for orders."

It was thought possible that an attempt might be made to release the soldiers and police captured by the blue jackets, so men were landed from the Paducah to occupy La Guna, and additional men were landed from the Marletta. The Paducah moved to a position fronting the Nicaraguan curtils while the Marletta covered the curtils in the port.

Will Demand Reparation. Fullan finding the civil authorities incapable of maintaining regulation or order, that the government of Tegucigalpa was a mere provisional agreement of certain leaders that no far gave no evidence of stability, decided to ignore the authorities here and recognize only the organized and disciplined force here under General Estrada, commanding the Nicaraguan force and the men arrested were delivered by Fullan's order to Estrada who was advised that he would be held responsible.

Notice also was served on Honduran and Nicaraguan authorities that reparation would be demanded and that punishment should be inflicted upon all perpetrators of the outrage.

Washington Approves. Washington, May 4.—The navy department learned first from the newspapers of Commander Fullan's action in behalf of law and order, in placing under arrest a number of Nicaraguan policemen and soldiers, who made a murderous attack on an American negro at Puerto Cortez, Honduras. There is no doubt his performance will meet with hearty approval of the administration.

NO CANVASS OF VOTE.

Chairman W. A. Berry Went to Louisville Today.

There will be no canvass of the Democratic primary vote today because of the absence of Chairman W. A. Berry, of the city Democratic committee. Judge Berry was called to Louisville this morning on important professional business. It is necessary that he be here before the canvass of the returns can be made.

Blue Quit of Own Accord. Mr. Henry Blue, stationman at No. 1 fire station, quit the service today. It is said that he will go to Jacksonburg, Miss., to work, where high wages are paid caulkers. There was a report out that a quarrel resulted in Blue's resignation, but this is denied by stationmen. It is said that Blue is on the best terms with all, and quit of his own accord.

CHIEF OF POLICE INTERESTS MANY

Henry Bailey May Succeed Chief Collins

Many Democrats Consider Him Most Eligible Man for Place if Harrison Wins.

HAS HAD MUCH EXPERIENCE.

Although Thomas B. Harrison, Democratic nominee for mayor, says he has made no promises concerning appointments in case he is elected and will choose his chief of police after he is elected, there is much speculation among the voters, and many suggestions of possible candidates for the place are forthcoming. Sentiment generally seems to favor Henry Bailey, present city clerk, for the place. Mr. Bailey has been in public service a number of years, much of which time he was in the police department and he is responsible for several reforms inaugurated in the department.

He was unfortunate in his candidacy for re-election. Simply being in the city hall militated against him, and he lost votes because he was classified with a faction.

Bailey's friends contend that he has not been associated with any faction, and is as friendly with Mr. Harrison as with those against him. He has always been a strong party worker and has taken defeat with good grace. His acquaintance and popularity over the city make him a strong possibility should he seek the place.

UNIQUE CONTEST AMONG CHILDREN

To guess the name of a book from illustrations suggestive of it, is an idea to interest the children of patrons of the library introduced by Miss Mamie Baynham, 1 librarian, and they are posted on the bulletin board, where they can be seen and the guesses on the book they represent are deposited in a ballot box. The first illustrations in the contest were posted today and were drawn by two well known children of the city. The work is excellent. Miss Baynham has twenty children at work producing illustrations from different books and the contest thus far has proven highly interesting to the children. The bulletin boards are the most successful feature introduced in the library work.

ENGINEER SAVES LIFE OF FOREMAN TOM DANABER.

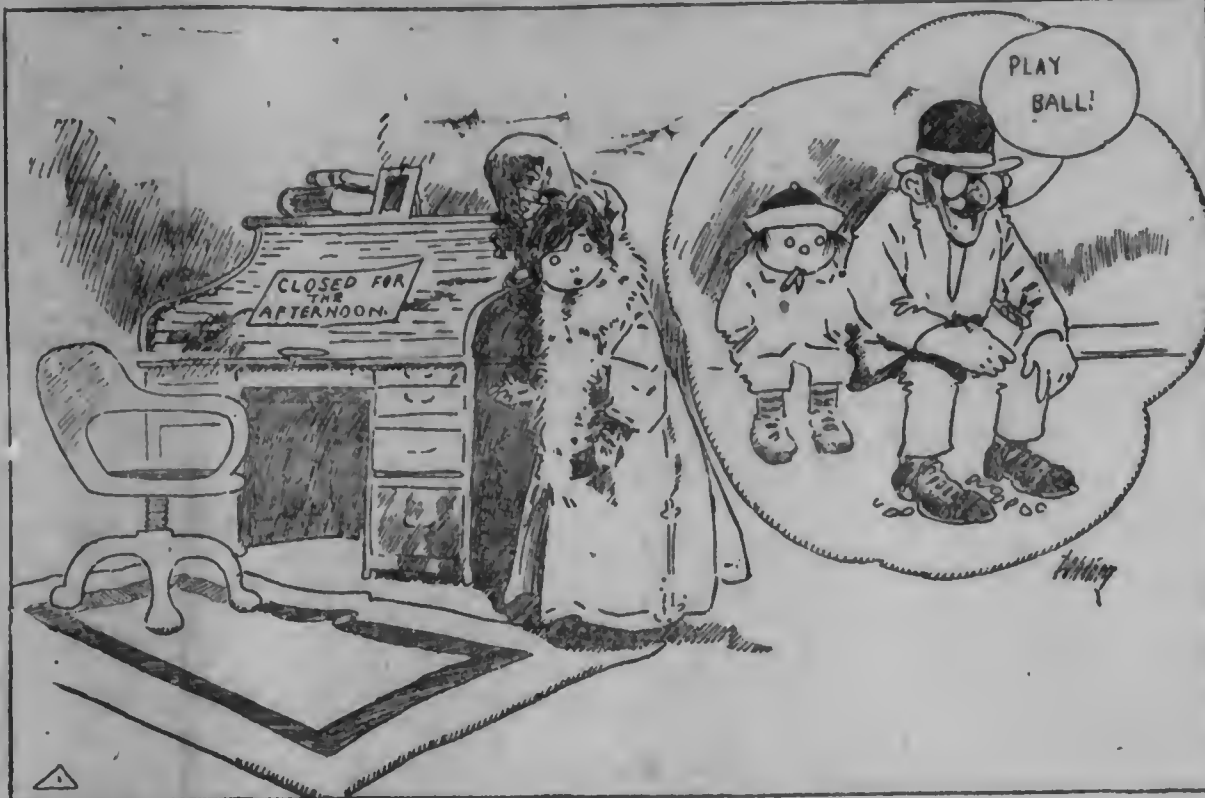

Timely action of Engineer Tim Austin, of switch engine, No. 1722, of the Illinois Central, saved Engine Foreman Tom Danaber from being crushed to death at noon today between a box car and the freight depot platform at Seventh and Campbell streets. Danaber went in behind the car, which was being pushed into a siding against the west end of the depot platform. Engineer Austin saw Danaber go in behind the car, and, failing to see him reappear, applied the air just in time, for Danaber had been caught by the car and was being crushed against the platform. He was conveyed to the railroad hospital where an examination showed he was not seriously injured. This afternoon he will be sent home. He is a son of Mr. Mike Danaber, the well known printer.

"Silent Jim" Is Dead. "Silent Jim," one of the finest pit bull terriers out of the Lamkin kennels at Kirksville, Mo., died today at the home of his owner, Mrs. Mary Dicko, and it is thought some one poisoned the dog with ground glass.

THREE STEAMERS IN FIELDS OF ICE

Lives of Three Thousand Passengers Will be Sacrificed if Ships are Crushed in Jam of Ice Fifty Miles Wide

NO WAY TO RESCUE THEM

Halifax, N. S., May 4.—More than 3,000 passengers on three ocean liners are reported in imminent peril in a gigantic ice field that blocks Cabot strait between Cape Breton and New Foundland. The huge liners appear likely to be crushed by grinding ice, and if it is so it is not considered possible for the passengers to escape death. The ice field is more than 50 miles wide. Three steamers are reported imprisoned and utterly helpless in the frozen barrier.

WEATHER HURTS LOCAL BUSINESS

Wholesale and Retail Lines Feel Bad Effects and Stagnation Results--Bank Clearings Fall Off

CHANGE FOR BETTER COMING.

Bank clearings \$727,354 Same week last year \$765,728 Decrease \$38,374

In different conditions both in the city and the rural districts made business in the retail and wholesale lines dull this week. The clearings this week reflect the depression due most largely to the unseasonable weather. Aside from a small tie-up in building operations from the idleness of some union men, the situation in the industrial world is favorable, and waiting only for hot weather to set in permanently.

ANOTHER SMALLPOX CASE IS FOUND ON SOUTH SIDE

Another case of smallpox was found this morning and reported to Dr. W. T. Graves, health officer. The six-year-old daughter of Mr. Roberts, 719 Clark street, developed a case yesterday. She is supposed to have been exposed to the case at school. The house has been quarantined and the patient will not be moved to the pest house. The Lee school building has been closed indefinitely.

Covered carriages were first used in England in 1580.

RED MEN FORMING AN ASSOCIATION

Interstate Organization Similar to Odd Fellows

Kentucky, Illinois and Missouri Tribes Included in Movement, Having Birth Here.

MEET AT METROPOLIS JULY 4.

Kentucky, Illinois and Missouri tribes of Red Men have formed a temporary interstate organization similar to that of the Odd Fellows, and the first annual convention will be held at Metropolis July 4, when a permanent interstate organization will be effected. The Paducah lodge of Red Men is in the movement, and, as one of the promoters of the idea, probably will be represented in the permanent organization with some of the highest officers.

When the Odd Fellows held their interstate convention in Metropolis April 25, representatives from lodges in Kentucky, Illinois and Missouri met at Metropolis and formed the temporary organization J. J. Freundlich represented the Paducah lodge officially. Some of the high state officials of the lodges in Illinois and Missouri were present and July 4 was selected as the date, and Metropolis the place for effecting the permanent organization. Next Friday night all the representatives who attended the Metropolis meeting, will attend the meeting of the local lodge, and while nothing officially will be done, the interest will be cemented. Twelve lodges in the three states are now in the organization and no trouble in getting many other lodges represented is expected when the movement becomes a success.

D. H. Russell, great sachem of Kentucky, will be among the officers to attend the Red Men's meeting on next Friday, and several great chiefs from Illinois and Missouri will attend. Following the initiation of the candidates secured in the membership contest, a banquet will be given. Speeches by the visitors and the local officers will be made. Every effort is being put forth by the local lodge to make its degree team the most perfect in the country. The work last night showed ability and the handsome prizes offered in the state and interstate contests will be competed for by the Paducah team.

CORBIETT KNOCKED OUT.

In 11th Denver Boy Went Through the Ropes From Blow.

Baltimore, Md., May 4.—Kid Sullivan, of Washington, last night knocked out Young Corbett, of Denver, in the 11th round. The match was scheduled to go 15 rounds. In the rounds in which there was any particular advantage it was with Sullivan. Corbett showed he was hurt early in the second and in the fifth Sullivan knocked him through the ropes.

Guatemala Declines.

City of Mexico, May 4.—Tomorrow's Editorial will say: "We have been officially advised that Guatemala will refuse Mexico's request for the extradition of General Jose Lima, charged with complicity in the assassination of General Barillas while the latter was under the protection of the Mexican government. Upon receipt of this advice Mexico will recall her representative and the United States will do likewise."

Mexican Dam Hurts.

Chihuahua, Mexico, May 4.—One of the great walls of the Chuviclar dam suddenly gave way yesterday, engulfing nearly 40 men under an enormous weight of masonry and water. Between 15 and 20 workmen are known to be dead, 13 are injured and several others unaccounted for. Some of the injured will die. All were Mexicans.

How to Cure Constipation

Few people altogether escape a disorder of the bowels. You may catch cold, over-eat, over-drink, worry too much, not exercise enough or do a hundred and one other things that result in constipation or costiveness. When the trouble comes it is well to know what to do for it. In the opinion of thousands there is no better cure for constipation than Dr. Caldwell's Syrup Pepsin, which anyone can obtain for 50 cents or \$1 at a drug store. We all have constipation occasionally, and the sensible thing to do is to have a bottle of this remedy always in the house. You take it at night on retiring, for example, and when you wake up in the morning at your usual hour it produces its results. Your stomach instantly becomes lighter, your head clearer, your eyes brighter, you feel active and spry once again, your appetite has returned and you are ready to work with enthusiasm and vigor. All this may not have taken more than a dose or two, it is not to be expected to or three cents. Can you afford to feel bad when you can feel good for so little?

Dr. Wilson Brown, of Metropolis, Ill., has no hesitancy in saying that Dr. Caldwell's Syrup Pepsin is the greatest of all laxatives and frankly admits to his patients that if they used it when the stomach, liver or bowels got out of order they would have less need of him. It is without doubt the best cure for occasional or chronic constipation, dyspepsia, biliousness, jaundice, sour stomach, liver, flatulency, diarrhea, and similar digestive ills to old or young. It is a thousand times better than salts or purgative waters, acts gently but surely, is pleasant to the taste, does not gripe, and cures permanently. Go to your druggist and get a 50 cent or \$1 bottle and see if our claims are not justified.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Confidently yet most effectively for children, women and old folk. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "My Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." "Charley's Aunt" which was performed all over the country with great success about fifteen years ago, will be revived at the Kentucky Monday, May 13, and Mr. Etienne Girardot who created in this country the role of Lord Fancourt Babberley, will appear in his old part. The farce was originally produced in England and it is unquestionably one of the best laugh producers that country has ever sent over to America. The fun of the piece results from the experiences of two young fellows who are expecting some girls to visit them at school, hoping to have an old aunt arrive in time to chaperone them. When she fails to put in an appearance they compel Lord Babberley, one of the "easy marks" of the school, to masquerade in petticoats in her place as an old lady from Brazil. His ridiculous attempts at her impersonation and his frequent endeavors to escape from his predicament keep the audience in a constant roar of laughter. Practically the same company seen in the revival of the merry farce in New York last spring will interpret the comedy here.

CAIRO PABSTS IN SUNDAY OFFERING

Chulley's Expect to Win Game By Fast Playing

Old Time Rivals From City Down the River Have Strong Line-Up For Season.

GUS BRAHLE WILL BE UMPIRE

The Cairo Pabsts against the Paducah Chulley's at Wallace park tomorrow afternoon is the program for the baseball fans. Manager Trull, flushed with his victory of last Sunday over the Cairo Rubys, intends to take the game, not allowing Paducah's old time rivals to get an edge on him.

"I believe we can bet the 'Pabsts' without any trouble," Trull declared. "The 'Pabsts' were defeated April 26 at Metropolis by the 'Blues.' We were beaten by the Blues, but not by any such score. I have been placing my men in the most advantageous positions, and think I have the team well balanced and will put up a strong fight."

Eddie Powers, formerly a star fielder in the Kitty for Cairo and for Paducah, will pitch for the 'Pabsts.' Powers is a favorite here and will doubtless be greeted by an admiring crowd of fans, eager to see him outdone.

Manager Trull will pitch Arnold, his star twirler, who let the St. Louis "Washingtons" down without a hit.

The Chulley line-up follows: Block, c; Arnold p; W. Block, lb; Ross, 2b; Baker, 3b; Ford ss; Bulger, 1st and Loftin in the outfield.

In order to assure good umpiring, Gus Brahle has been secured to hold the indicator.

SERIOUSLY BURNED.

Laborer at Round House Receives Stream of Hot Oil.

Dock Parrish, a colored laborer in the Illinois Central round house, is suffering from bad burns inflicted last night accidentally while laborers were preparing to "fire" an engine. Parrish was in the cab of one of the engines. The oil furnace used in

blowing a stream of burning oil into engine fireboxes to fire the coal, was wheeled to the engine and the stream of burning oil directed into the engine. It struck Parrish in the neck as he leaned toward the fire box. Parrish shoved up his hands to protect his face and received bad burns on the hands and arms. He jumped from the high cab as soon as he could get to the side. His injuries were dressed at the hospital.

"Dixie Daisies" which will be sung by Miss Anne Bradshaw, with chorus by the company, at the performance of "The Traveling Man," on Friday evening at the Kentucky theater is, also, arranged for the piano as a two-step, by the composer, Mr. Boyle Woolfolk, and has just been issued in that form by the Cincinnati publishers. It is gotten up in an especially clever way and is dedicated to the "Girls of Kentucky, hoping this composition may become as popular as they are." On the cover are the pictures of ten charming girls representing a number of Kentucky towns, and each picture forms the attractive center of a daisy. The girls are: Miss Frances Wallace, of Paducah; Misses Elizabeth Boyle

and Charlie Wolfe, of Louisville; Miss Belle Schofield, of Danville; Miss Mary Belle Taylor, of Frankfort; Miss Margaret Sebree, of Henderson; Miss Elizabeth McKinley, of Winchester; Miss Willis, of Bowling Green; Miss Butler, of Somerset.

The chorus which is decidedly appropriate runs:
"Each Southern flower from Dixie's bower,

Has some strange power o'er ev'ry man;
Each Dixie Daisy will drive you crazy
These Dixie Daisies from Dixie's land."

Complimentary to Mrs. Blanchard, Mrs. David Lindsey Van Cullin entertained four tables at Bridge very delightfully on Monday afternoon at her apartments in the Scott Flats, in compliment to Mrs. Maude Conway Blanchard, of Boston, Mass., the guest of Mrs. Hubbard Wells. The first prize was taken by Mrs. William Gilbert and the consolation went to Miss Mary Boswell. Mrs. Blanchard received a pretty guest of honor prize. The attractively served course luncheon followed the game.

Living Pictures Attractively Presented.

Exceedingly pretty and effective were the "Living Pictures" presented Friday evening at the parish house of Grace Episcopal church. It was one of the most attractive and successful amateur entertainments given in Paducah and was arranged by Mrs. Lawrence Dailam and Mrs. Charles Richardson of the Grace Church Guild, each member of which has twenty-five cents to invest for large returns. The tableaux represented the national holidays and festivals and were very cleverly put on. The opening scene was "May Day," with Miss Katherine Powell as the May queen surrounded by attendant Butterflies, Roses and Chrysanthemum girls. The heralds were Masters Hazzard Gardner and Giltner Segenfelder. The "Fourth of July" was a number of "living fire crackers" who "went off" in a most patriotic young America fashion. They were: Masters Henry Burnett, William Burnett, William Hughes, Elbridge Palmer, Henry Dailam, Leonard Campbell, Giltner Segenfelder. The "Eighth of August" was cleverly taken off by Miss Lucia Powell and Master Ralph Noble Kirkland. For "Thanksgiving Day," Master Lawrence Dailam and the typical turkey did honor. Little Miss Elsie Eunice Voris and Master Giltner Segenfelder watching for Santa Claus, made a charming "Christmas" picture and were vigorously endorsed. The time-honored "turning over a new leaf" on "New Year's Day" was featured by Mr. Rankin Kirkland, Master Ralph Noble Kirkland and little Miss Susan Porter Sleeth as the "New Year." "St. Valentine's Day" was beautifully pictured by Miss Elizabeth Kirkland with little Susan Porter Sleeth as Cupid. Dr. I. B. Howell was a typical representative of "St. Patrick's Day" in the morning. "Easter" was represented by a number of chorister boys. "The Four Seasons" were attractively portrayed by Misses Frances Terrell as Spring, Miss Lucia Powell as Summer, Miss Elizabeth Kirkland as Autumn, and Miss Katherine Powell as Winter. There was music between the tableaux and light refreshments were served.

D. A. R. Chapter.

Mrs. Charles K. Wheeler was hostess to the Paducah chapter, Daughters of the American Revolution on Friday afternoon at her home, 504 Kentucky avenue. It was an especially delightful and largely attended meeting. The literary features were an interesting paper on the "American Revolution from an English Standpoint" presented by Mrs. Leslie Soule; and a graphic account of the recent session of the "Continental Congress" at Washington. An attractive musical program was given by Misses Mary Wheeler, Julia Dabney and Lucette Soule. Several important items of business were brought before the chapter. Mrs. Roy McKinley from the educational committee of the Woman's club, presented a request from the State Federation of clubs that each Woman's club adopt a county school to especially look after. The chapter agreed to do so and Mrs. H. S. Wells and Mrs. McKinley were made a committee to select one. A committee will be appointed each month from the chapter to visit the school. Miss Emily Morrow introduced the idea of morning miscelaneas during the summer as were being given in Memphis. These will be given for the benefit of the memorial fountain fund and Mrs. George B. Hart and Miss Morrow were made a committee to arrange for the first one. Mrs. Charles K. Wheeler and Mrs. Leslie Soule were appointed to arrange for a boat excursion during the summer for the same object. The following donations from interested Paducahans were reported towards the fountain fund: Mrs. Thomas J. Flournoy, of Rockmart, Ga., \$10; Mr. C. M. Budd, Memphis, \$5; Col. Edward O. Leach, Frankfort, \$3; Mrs. James

ADVICE TO RHEUMATICS.

Noted Physician Tells How to Prevent and Cure Rheumatism, Kidney and Bladder Troubles.

(By George Edmund Flood, M. D.)
If you would avoid Rheumatism and Kidney and Bladder Troubles he moderate in the consumption of heavy, rich foods, substitute as far as possible soups, broths, fresh milk, and drink water—lots of water. Take plenty of time to eat, and don't eat after you have had enough, even if it does taste good. If your work is confining, take a moderate amount of exercise each day in the open air.

Of course, neither diet, water, rest, nor exercise will cure these afflictions. I advise them as preventives only. For the benefit of the readers of this article who are now afflicted with Rheumatism, Kidney, Bladder or Urinary trouble, and desire to be cured quickly, I give below, complete in every detail, the famous prescription which has made me so successful in the treatment of these diseases. It is the most certain cure for these diseases that I have ever used. It is pleasant to take, it is not expensive, it can be filled by any druggist, and I believe it is the greatest prescription for Rheumatism, Kidney and Bladder Trouble ever written. It is also a valuable spring tonic and blood purifier. If you are a sufferer, save this, take it to your druggist and have it filled, or get the ingredients and mix them at home. Fluid Extract Cuscuta Aromatic, ½ ounce; Concentrated Barkol Compound, 1 ounce; Fluid Extract Prickly Ash Bark, ½ drachm; Aromatic Elixir, 1 ounce.

Adult dose, take one teaspoonful after meals and at bedtime; children one-fourth to one-half teaspoonful after meals.

After you are cured follow the advice I have given you in regard to diet, exercise and water, and you will not need the services of a physician again for these ailments.

Smith, \$3, and Sol Dryfuss, \$2.
The out-of-town guests were Mrs. Maude Blanchard, of Boston, and Mrs. M. D. Grancey, of Oakland, Cal. Mrs. Blanchard made an attractive little talk in regard to having met a daughter of Gen. Robert E. Lee one summer, and seeing her interesting collection of buttons that had belonged to George Washington. A prettily planned luncheon was served by the hostess and each guest was presented with a little bunch of old-time garden pinks tied with red, white and blue ribbon and a tiny flag.

The June meeting of the chapter will be held at the Wallace park. Each member will be allowed to invite one guest and supper will be served at fresco, and the regular program carried out.

Pretty May Day Fete.

Mrs. Charles Kennedy Wheeler entertained with a very charming May Day party on Wednesday afternoon at her attractive home on Kentucky avenue.

The guests were received by Mrs. Wheeler assisted by Miss Minnie Ratcliffe on the lawn where a pretty throne decorated with snowballs and dogwood and entwined with smilax was arranged at the foot of a May pole. Here a pretty spectacle in celebration of Ye Olden May Day times, the crowning of the May Queen, took place. Miss Mary Cave was the lovely queen. Her maid carrying garlands of smilax tied with white ribbon and tulle were: Misses Mary Wheeler, Julia Dabney, Azilee Reeves, Lucille Harth, and Mildred Orme. Little Misses Charlotte Wheeler and Mollie Gardner carried the queen's crown of lilacs-of-the-valley and a basket of the lilacs. The girls wore dainty gowns of white and made a charming picture. Master Hazzard Gardner as the herald, wore a picturesque herald's costume of white and green and carried the queen's scepter and a golden trumpet. The crowning was a pretty ceremonial by the attendants. As the guests were presented to the queen each was given

a souvenir bunch of lilacs-of-the-valley from her basket. In-doors, the rooms were a bower of green and white. The dogwood blossoms and snow balls were banded upon the mantels and used in profusion with smilax gracefully entwined. In the library tea and sandwiches were served. The punch bowl of tea was surrounded by smilax and snow balls. In the dining room the table was effectively decorated with smilax and snow balls. The smilax extended from the chandelier in pretty love chains entwined with tulle. Here white and green brick ice cream and cakes led in white and green were served by Misses Mary Wheeler, Azilee Reeves, Julia Dabney, Mildred Orme, Lucille Harth. An orchestra played during the afternoon.

The rooms were crowded with guests in attractive Spring costumes and the scene was a charming one. Mrs. Wheeler was attractively gowned in pretty creation of pale blue silk mille over silk, elaborately inserted with lace.

Bleeker, and Mrs. Maude Conway Blanchard, of Boston, who is visiting Mrs. Hubbard Wells. The prizes were captured by Mrs. Blanchard and Mrs. H. G. Reynolds. A delicious course-luncheon was served after the game. The guests were: Mrs. Maude Conway Blanchard, of Boston; Mrs. John S. Bleeker, Mrs. Hubbard Wells, Mrs. Victor Voris, Mrs. H. G. Reynolds, Mrs. W. B. McPherson, Mrs. E. G. Boone, Mrs. David VanCullin, Mrs. Will Bradshaw, Jr., Mrs. Richard Terrell, Mrs. L. A. Popularity of the Traveling Man Assured.

Everything is progressing finely for the performance next Friday evening at the Kentucky theater of "The Traveling Man." Wherever you go, while walking along the streets or in a private home, you will hear some one singing or whistling the catchy hits from the clever and sparkling musical mixture. At the Palmer House at meal times you will hear the orchestra playing the overture or some selection and the songs are becoming quite popular before the performance. Below are the musical numbers as will be given the night of the performance:

Act 1.

Reason Wo Love—Mrs. David Flournoy.
The Traveling Man—Mr. Boyle Woolfolk.

From the manner in which the tickets are being disposed of it is expected the largest house of the season will be on hand. The tickets bought now are exchangeable Monday morning, May 6, at the box office and get the choice over the regular box sale as it only goes on the Tuesday morning following.

Mr. Woolfolk promises an even better performance than he gave at Louisville, where it was considered the best amateur entertainment by far that was ever given there.

A Social Affair.

The Woman's Home Mission society of the Trimble Street Methodist church was pleasantly entertained on Monday afternoon at the home of Mrs. J. C. Martin, 1035 Harrison street. Mrs. Martin was assisted in entertaining by her daughter, Mrs. Robert Martin. It was a delightful social occasion, the second of a series of four to be given during the year. DUTY AND OPPORTUNITY.

If over there was an opportunity for Republican victory in Paducah it is this year. If over there was a duty resting on the rank and file of the party to abandon fads and follies, to put aside prejudices and animosities and interest themselves in public affairs, it is now. If over there was an obligation resting on the leaders to exercise wisdom and discretion, it is pressing now. It must not be considered, that, because the Democrats are dissatisfied, any sort of a candidate for mayor will do; nor must we become possessed of the idea that a good candidate for mayor can win with a weak ticket. It is when we have no chance to win that any sort of a candidate will do. On occasions like the present with its opportunity, we must exercise the highest degree of caution. There is a state ticket to be elected and a national campaign the following year. To aid the general party we must put out our best men for every office from mayor to the short term man in the school board from the Sixth ward. In the distribution of the honors the wisdom and discretion and experience of the leaders must be drawn on. In the selection of candidates the sentiment of the party must be consulted. There is a higher duty than that of mere party fealty we owe as a citizen of this community; but that duty will be performed this year in doing our duty to the party.

OUR HOUSE IN ORDER.

In one respect the present national administration is accomplishing a work of reform, little of which will be known to the general public, and the difficulties of which will never be appreciated outside of Washington: reform in the executive departments. Heretofore administrations have been devoting their time to matters which loom large from the outside and to a proper distribution of the patronage, little realizing, perhaps, that methods and facilities that sufficed 50 years ago for the transaction of public business constitute but an irritating farce with a population trebled and interest multiplied and many times more complex. In the postoffice Cortelyou and Hitchcock have worked almost a revolution and perfected a wonderful system of handling this big business department. In the department of the Interior Secretary Garfield is completing the work of reform instituted by his predecessor. Consular reform in the state department is under way, and it is the purpose to make our consuls in foreign cities of some practical benefit to the coun-

try as well as the dominant political party. Every step of progress in this direction is beset by obstacles and opposition. It is easy to reform our enemies, but it is a different matter to put our own house in order. No doubt the administration is meeting with bitter denunciation from the time servers in Washington. A less intrepid president would hesitate to interfere with the "system," but Roosevelt seems to love that sort of thing, and we are glad to have such a man in office once or twice in a century.

Cities of the first three classes, are exempt from operation of the county unit law, according to the decision of the court of appeals in three cases, upholding its constitutionality. Cities of the Fourth, Fifth and Sixth classes may be made exempt from inclusion by petitioning for a separate election on the same date. In a case from Henry county, New Castle must go dry with the county, even though it had just previously voted wet, because by failure to hold a separate election it was merged in the county unit. Two precincts of Versailles went wet in a county unit election, but the court held that these two precincts must go with the majority.

At 9 o'clock it became evident that Thomas B. Harrison was the nominee, but the editor and manager of The News-Democrat insisted on getting complete returns from every precinct before using an extra.—News Democrat, May 3rd.

Yes, it became evident, brother, when The Sun's extra was flashed in your face, at exactly 9 p. m., announcing the returns from all the important races.

Our attention has been particularly attracted to the school board fight in the Democratic primary, and it is pleasing to public spirited people to observe that the Democrats have nominated first rate citizens. Now, it is up to the Republicans to put out as well, if not better qualified men, and then let the contest proceed. There is no money in it for either side, and we believe whoever win will have no thought to the name of the party, which nominated them.

This school board, as at present managed, certainly is unfortunate. Even the scholastic census shows a decrease. Too much politics and too little hard work is responsible for this showing, which, if it is allowed to stand, will cost the city something like \$2,000 in revenue from the state.

Dun's Weekly Statement.

New York, May 4.—The weekly report of R. G. Dun and company follows:

Spring retail trade is backward because of the unusually late season and the tardy distribution of merchandise is also causing complaint of delay in mercantile collection, but there is confidence that the most postponed business will be made up when weather conditions become normal. Manufacturers are active in all leading industries, most plants being operated full time, and the outlook in the steel business could hardly be brighter. Ore has begun to move freely on the lakes. Arrangements have been made for a record year, many vessels enlarging their carrying capacity.

EVANGELICAL CHURCH.

Conference of Indiana District Has Come To Close.

Last night the Rev. William Bourquin returned from Newport, where he attended the conference of the Indiana district of the Evangelical church. Dr. Bourquin was on the committee for Sunday school work, and the report of the committee shows that great progress has been made since the last meeting. The same officers were re-elected for this year. Mr. E. T. Bourquin was the delegate from the local Evangelical church.

New Coal Company in Ohio County. Central City, Ky., May 4.—The Millan Coal company, being organized by Central City and eastern capitalists, will open and operate mines at Horse Branch, in Ohio county. The company takes over the holdings of Fred Ackart, which amount to over 5,000 acres of a field of an excellent quality of No. 9 coal. Work will begin in a few days and the latest improved machinery put in. The officers of the new corporation will be Fred Ackart, president and general manager; J. R. Herring, vice president; L. E. Ackart, secretary and treasurer.

Has Accepted the Invitation.

Will be in Paducah Next Tuesday With the Wonderful Discovery.

So much has been said and published about the scientist and his Root Juice for the last six months, and so many stories have been told about wonders accomplished in a very few days with the peculiar compound that the people of Paducah are getting curious and would like to see this strange man and his wonderful health producing Juice. The Ft. Wayne and Marion, Ind., papers are now telling of great things it is now doing at these points. A committee has invited the scientist to come to this city. The invitation was accepted, he promised to be here with his instructors next Tuesday, morning. We are told that the public demonstrations will be conducted at Alvey & List's drug store, commencing at 9 o'clock in the morning of May 7th. It costs nothing to see the instructors, and they are always pleased to give a free dose of the Juice to all that suffer with stomach, liver, kidney, bowel and blood troubles. When the stomach is out of order, it is claimed that one swallow of the Juice will give almost instant relief.

SPRING FEVER DAYS.

How To Avoid the Lazy Feelings That Come With Mild, Warm Weather.

Spring fever days are here. They come with the advent of warm weather, and stay until frost—with some people.

Spring fever is not confined to this vicinity only. Every locality has it, to a degree.

Appreciated right, it is a Godsend, as it reminds you that you should put your body in good condition for summer, the hardest season of the year. The liver, the stomach, the bowels and the kidneys, the skin and blood, every organ and function needs attention, just as a locomotive does at the end of a run of a hundred miles, and the people who appreciate this fact are our healthiest people.

Osteopathy is the one natural treatment in all conditions of stomach, liver, bowel, kidney, skin and blood disorders. Without the use of any medicines, with proper diet, with the dry hot air treatment, where indicated, the osteopathic treatment is an assured and permanent cure.

I should like to talk to you at any time about the treatment for yourself, or any member of your family, and the best testimonials I can offer you of the treatment are the commendations of Paducah people whom you know well, who have taken the treatment.

Especially is Osteopathy a rational treatment of ailments peculiar to children. Phone me at 1407; or call at my office, upstairs, 516 Broadway, and I shall be pleased to advise with you.

DAYLIGHT

CHOSEN BY GANG OF HOUSE-BREAKERS TO WORK BY.

Revolver, Two Watches and Savings Bank Taken From Residence of Ben Allen.

Daylight robbers made a good haul at the residence of Mr. Ben Allen, at 219 South Fifth street yesterday afternoon between 5 and 6 o'clock, while the family was away. A pearl handled revolver an open face gold watch, a ladies' gold watch, and a savings bank containing \$5 are missing. The owner has notified the police and given a good description of the property. Several daylight robberies in the residence portion of the city have been reported of late, and it is thought a gang of thieves is "working" the town.

RIVER NEWS

River Stages.	
Cairo	32.2 0.8 rise
Chattanooga	6.0 0.2 fall
Cincinnati	26.5 2.3 fall
Evansville	22.8 0.2 rise
Florence	6.0 0.0 fall
Johnsonville	14.3 1.9 fall
Louisville	9.3 0.5 fall
Mt. Carmel	8.3 0.7 fall
Nashville	19.3 0.1 rise
Pittsburg	4.9 0.4 fall
St. Louis	18.9 0.2 fall
Mt. Vernon	22.0 0.5 rise
Paducah	23.3 0.5 rise

April showers have had more effect on the rivers than was thought probable, as the river has gone to 23.3 feet here. The rise of .5 in the last 24 hours indicate that the rise is drawing to an end unless held up by further rains. May 4 last year the stage was 14.9. Business around the river front was better today.

The A. J. Beardsley was let off the ways this morning and will return to Memphis, where it will be a moving advertisement of Paducah ship-building plants.

The Motor on the dry docks also is a Memphis boat and up and down all the rivers are boats which have been repaired at Paducah. This means business in the future as the quality of work done here is the best.

Rough navigation in the face of a high wind was experienced by the big towboat Oakland early this morning when she passed Paducah with 35 barges of coal. None of the barges was left here.

The Harvester should arrive Monday from Pittsburg with coal for the West Kentucky Coal company. The A. R. Budde is coming down, too.

Several big tows of empties are coming up from the Mississippi river and the good stage of the river now will see many boats leaving Pittsburg.

The Harth returned from the mines at Caseyville last night with a tow of coal.

Business was good for the Georgia Lee on arrival here at noon today.

S.S.S. REMOVES BLOOD HUMORS

When the blood is pure and healthy the skin will be soft, smooth and free from eruptions, but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease. The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry, scaly skin affections as Tetter, Psoriasis, and kindred troubles. The treatment of skin troubles with salves, washes, lotions, etc., is not along the right line. True, such treatment relieves some of the itching and discomfort and aids in keeping the skin clear, but it does not reach the real cause of the trouble, which are humors in the blood, and it can therefore have no real curative effect on these skin affections. S. S. S., a gentle acting and perfect blood purifier, is the best and quickest treatment. It goes down into the blood and removes the humors, fiery acids and poisons from the circulation, cools the overheated blood, and by sending a fresh stream of nourishing blood to the skin permanently cures skin diseases of every character. S. S. S. is made entirely of health producing roots, herbs and barks, and is an absolutely safe remedy for young or old. S. S. S. cures Eczema, Acne, Salt Rheum, Tetter, Psoriasis, and all other disagreeable and unsightly eruptions of the skin. Special book on Skin Diseases and any medical advice desired furnished free to all who write.

NEW SCHOOL HOUSE CAUSING TROUBLE

Board Divided on Question of Its Location

Months Slipping By and No Decision Is Made By Trustees and None Likely.

HOW THEY STAND IN MATTER

Facing the possibility of unhoused school children next September, the school trustees are divided on the question of location of the new building south of Broadway, and a month of time already has slipped away without any definite steps being taken toward providing for the district now supplied by the Longfellow building. The question of location for the new building has not been put to a vote but when it is, it probably will show an even division. President List and Trustee Beckenbach head one faction, which favors the Lyon property, or a location in that neighborhood. Trustee Kelley and Secretary Byrd head the other faction, that thinks the new building should be on the other side of Jackson street.

Three-quarters of an hour were given to the discussion of sites in the meeting of the school board last night. Much difficulty in securing fair valuations on property has been encountered by the committee and where such conditions have been found, other considerations make the site undesirable.

One point has the unanimous agreement of the board, and that is that the new building should not be located where a conflict between the colored pupils of the Lincoln building and the new building would occur.

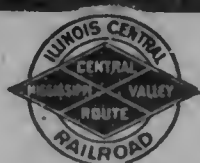

Allowing a full month for the actual construction to get under way, it would be June 1 before the building could be started and three months would be left to get it into shape for school purposes. The trustees in selecting a site, consider the district to be served, and endeavor to make the walking distance evenly balanced for all pupils. The trustees, who favor a site beyond Jackson street, say that the Lyon property would not be any better located than the Longfellow building was. While the other trustees say that a new building must be built in the near future to accommodate the pupils out toward the Union station and Worten's addition, and that to build the new school now to serve those sections of the city, would disarrange the balance that would be kept by building on the Lyon property.

Everywhere the trustees look for a site the valuations rise speedily and the trustees think that if the tax assessors would follow their tracks, a different assessment of certain property would follow.

OUTDOOR DAYS ARE HERE

Though the rainy, disagreeable spring days may seem frequent just now, the real outdoor days are here. The sting is gone from the winds and warmer weather is just around the corner. Many preparations are necessary before one really is ready for spring and summer. You brighten up your house with paper and paint, why not give the porch and lawn a little attention—new furniture for them. We undoubtedly have the most complete line of outdoor furniture ever brought to Paducah and the generosity of our credit system relieves you from any "can't-afford-it" feeling. Just see how reasonable these prices are.

Lawn and Porch Furniture

Our large line of Porch and Lawn Goods is complete. We have them in all styles and finishes—red, green, golden, natural wood and weathered oak, in mission style. Just what you want for the fine weather now approaching, at prices ranging from.....\$1 to \$5.50

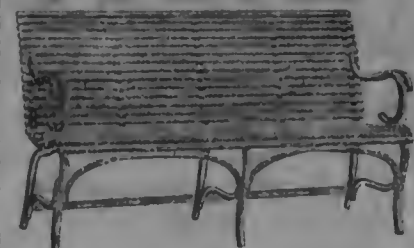

Go-Carts \$2.25 to \$45

This season we are showing a beautiful line of large and medium size Go-Carts, stationery and adjustable, at prices ranging from \$2.25 to \$45. One of the favorites is the English Go-Cart, finished in weathered and Early English, quartered and polished, upholstered in leather to match and with leather hood. They're beauties and range in price from \$18.00 to \$35.00.

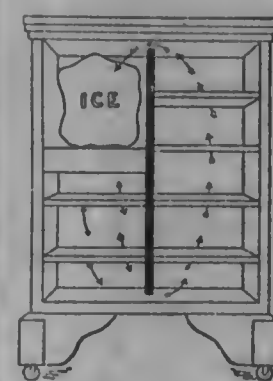

The Allwyn Folding Go-Cart
\$6.00 to \$12.50

The Allwyn Go-Cart may be had only at our store and we say without hesitation that it is the best and most convenient cart on the market today. The leather trimmings are rich and handsome, the enamel is BAKED ON—not painted—the frame is of steel, making it strong and durable, yet light. All ornaments are heavily nickel-plated. The cart is capable of three adjustments—upright, reclining and collapsed. One simple movement collapses it and it is then ready to take on street car or train, occupying almost no space. If you are interested in Go-Carts, don't fail to see this one. \$6 to \$12.50.

Settees \$3.50 to \$5.50

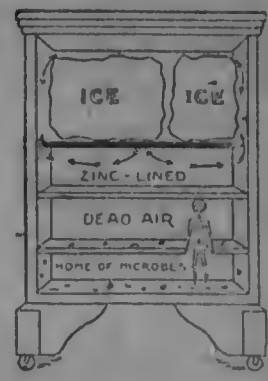

For the lawn, a strong, yet attractive Settee is almost indispensable. The bent wood one, shown in the illustration is a mighty good one, though it only costs \$3.50; you can have it finished in either green, red or golden oak finish and in either four or six foot lengths. Don't put off buying your outdoor furniture until it is really hot, for there will be many an hour in the next few days you would like to spend on the porch.

THE HERRICK FOR THIRTY DAYS FREE

It Will Not Obligate You in Any Way to Buy and Will Demonstrate Its Superiority.

The perfect circulation of cold, dry air in The Herrick Refrigerator is the main point of difference between it and all other refrigerators, though it has many other features which are not found in the old style kind—patented sanitary linings, scientific drainage, air-tight doors. It will only take about ten minutes to show you the value of these points and then, if you like, thirty days use to demonstrate the truth of our statements. If you decide to buy, we will arrange the terms to suit your convenience. If not, just phone us to send after it.

House cleaning days inevitably suggest new Carpets and Rugs and we all ready for the comparisons which you will, of course, make when you buy. We invite comparisons for the unmistakable good taste of our selections and low prices invariably mean quick sales.

F. N. GARDNER & CO.

SOLE AGENTS FOR "HOOSIER KITCHEN CABINETS"

We are always on the alert for new and good things in house furnishings and we feel confident that you would enjoy a little visit of inspection to Gardner's. You are welcome here, always, whether you come to buy or to just to see handsome furniture.

No Third Term for Mr. Roosevelt; Will Make Another Statement Soon

Washington, D. C., May 4.—President Roosevelt has decided to set at rest all talk that he will be a candidate for the Republican nomination for the presidency next year. It was learned today upon the highest authority that at the proper moment the president will issue a statement to the American people announcing that he will not accept renomination under any conditions, and calling attention to the declaration he made on the night he was elected in November 1904, as follows:

"The wise custom which limits the president to two terms regards the substance and not the form. Under no circumstances will I be a candidate for or accept another nomination."

The advisability of issuing a statement at the present time has been forced upon the attention of the president as the result of earnest representations made to him by intimates

friends, politicians, and people residing in every section of the country who want him to run again. The president does not feel, however, that the time has come for him to publish a statement; he does not believe that politics is an all-absorbing question with the American people at this time.

Later on, if the demand for President Roosevelt's nomination should continue, and should come from a larger section of the people, he will make a statement of renunciation in the way indicated above.

Why Mrs. Hollowell Was Shot. Princeton, Ky., May 4.—Mrs. Hollowell, who was shot by night riders, was residing in Princeton when the tobacco stemmeries were destroyed

last December and was a witness before the grand jury at the March term of the Caldwell circuit court.

Dry As a Bone Until Election. Maysville, Ky., May 4.—Every saloon, wholesale and retail whiskey house closes today and will remain closed until after the local option election next Tuesday. The three Cincinnati detectives have been paid off and have left, as the temperance people are convinced the election will be fair.

Leaves Cab; Saves Woman. Maysville, Ky., May 4.—H. C. Gray, fireman on an L. and N. passenger train, leaped from the engine Thursday, caught a runaway horse, saved a woman's life and then re-entered the cab, without a car wheel stopping. This almost incredible performance was witnessed by many Mason county barley tobacco growers, who cheered Gray roundly for his heroism.

The incident took place in Bourbon county. Nothing a runaway horse approached a steam engine, and Gray leaped from the engine

which was moving slowly, vaulted the fence and caught the animal. He was on the brink of the embankment. As the horse stopped a woman jumped out of the carriage. She about to thank Gray, but he left too abruptly. He caught the coach of the train and returned his post at the firebox.

Fined for Filing a Tobacco Book. Owenboro, Ky., May 4.—Robt. Goodwin, a young man of this place, was fined \$20 in Justice Rodman's court for destroying a plant bed on the canvas that was over the plant. The bed was about 75 square yards of surface.

Goodwin claimed that the fire caused by a match that he threw away after lighting a cigarette, was the first case of its kind to be tried in this county and caused considerable excitement. Goodwin tests that he is innocent and appeal the charge.

CAUSES ARREST OF SWITCHMAN FOR ILLINOIS CENTRAL.

Held To Grand Jury On Charge of Stealing Certificate From His Companion.

Bob Scisles, alias Charles Siney, a switchman for the Nashville, Chattanooga and St. Louis, residing at Jones and Fifth streets, was held over this morning under a bond of \$200 by Police Judge D. A. Cross for stealing a \$20 gold certificate from it. W. (Dick) Willis, of the Dick Fowler, in the Marble Hall saloon yesterday afternoon. The evidence showed that Siney, who was with Willis drinking in the Marble Hall saloon, later went to the Belvedere saloon and got a \$20 gold certificate changed. The certificate was identified as the one Willis claims Siney took from him in the rear of the saloon.

Pete Thompson, colored, was held over for stealing coal from the Illinois Central.

Fredie Yopp, charged with maintaining a nuisance on his premises, continued.

NO CONTEST FOR JAILER.

Mann Clark Says Beadles May Have Office.

"I will abide by the count and not contest the election at all," is the statement Mr. Mann Clark made today. "Had it been a lie vote, I would have given the benefit to Mr. Beadles," he continued. "I will not have any representative at the official count and should it develop a tie I will gladly give it to Mr. Beadles."

Innes' Band.

A look at Innes, the famous band master, is enough to dispel the idea from any unprejudiced mind that an eccentric and solemn manner are necessities to the success of a musician. A genius is sometimes supposed in the popular mind to wear long hair, to be not overly clean and to be a

freck or a crank. This is not true of Innes. Whether on the stage in front of his band, or in the hotel lobby, in the club or the cafe, he is a man as are other men, and he never gives anyone the idea of eccentricity.

This man has made remarkable innovations in music, as played by concert bands. He has demonstrated that hypercritical writers, who have asserted that the highest music could not be interpreted by a band, except through transcriptions, are entirely wrong. He plays everything that is written without the change of a note.

The mere announcement that this great attraction has been secured for two performances at the coming festival—under the auspices of the Woman's club on May 21th, has resulted in a totally unprecedented inquiry for tickets, and it is possible that Innes day will break all records in point of attendance.

They have a new verb in London—to suffrage. "She was arrested while suffraging."

IN EVERY HOME.

The following simple prescription, writes a noted authority, should be made known to every family. While it is a simple home-made mixture, it forms a powerful tonic and vitalizing agent to the kidneys, forcing them to filter and eliminate from the blood all acids and waste, restoring the full count, or 95 per cent. of Red Corpuscles.

Here it is, and now is the time to take it: Fluid Extract Dandelion one-half ounce, Compound Syrup Sarsaparilla three ounces. The dose is one teaspoonful after meals and at bedtime. These harmless ingredients can be obtained at nominal cost from any good pharmacy, and anyone can mix them at home by shaking well in a bottle.

Noted medical authorities now recognize this as a blood cleanser and system tonic par excellence, because of its gentle though almost certain action in the treatment of Rheumatism, skin and facial eruptions and other miserable blood afflictions for which the kidneys are responsible. At this time of year the blood becomes sour and filled with poisons and acids, which the skin pores failed to eliminate during the cold weather, adding this additional work to the kidneys, which, overtaxed, become inactive and sluggish, and require, just such an invigorant or Regulator, the remarkable improvement in Mix this and try it, and note your health.

In a neat edition of the State Fire Marshal Mott Ayres' first annual report, pictures of Chief Wood and the captains of the Paducah fire department, and a handsome engraving of Patrolman Emile Gourieux, the first person to receive a reward for the conviction of a "fire bug" in Kentucky, are contained. The report also shows reproductions of letters sent by the night riders in the dark tobacco district to their victims and reports on the Princeton outrages. The fire marshal estimates the loss in the warehouse fires at \$200,000 with \$50,000 insurance.

CHILD'S NARROW ESCAPE.

Three-Year-Old Knocked Down By Horse in Public Street.

Little Mabel Halsey, three years old, daughter of Mrs. Richard Halsey, of Memphis, who is visiting her mother Mrs. John Iseman, of 532 South Sixth street, had a narrow escape from probably fatal injuries yesterday afternoon at 5 o'clock at Fifth and Jackson streets. The child had got out of the yard and strayed into the street. She did not perceive an approaching buggy, and started

across the street just as the horse was pulled around the corner of Jackson street. She either fell or was knocked aside by the horse. Her hands and arms were bruised and cut by the gravel, but she was not touched by the buggy. The driver never stopped to see if the child was injured.
